

Light Gemma 280, LED, IP44, 1X6W, 840 lm, Multisystem adapter

Mirrors are an integral and very important part of every bathroom. Gemma lighting with a length of 280 mm and with special power LED technology can, thanks to the safe degree of protection IP44, be placed in a zone 600 mm from the bathtub. It can be used mainly in small prefabricated bathrooms without daylight. The lighting can be mounted on Clear mirrors, on all board-mounted mirrors. Multisystem adapter included.
