Distributor: Zehnder Pumpen GmbH, Zwönitzer Str. 19, 08344 Grünhain-Beierfeld

Grünhain, March 3, 2026

Subject: Statement on the REACH Regulation (EC) No. 1907/2006

Dear Sir or Madam,

We hereby confirm that we comply with the requirements of the REACH Regulation (EC) No. 1907/2006. To the best of our knowledge, the products we manufacture and distribute do not contain any substances from the current Candidate List (SVHC) in a concentration exceeding 0.1% by weight (w/w). If substances within the meaning of the REACH Regulation are used, these are below the registration threshold of 1 ton per year per manufacturer/importer. We continuously monitor developments in the Candidate List and inform our customers immediately if any relevant changes occur.

Best regards,

A handwritten signature in black ink, appearing to read "A. Duba".

Alexander Duba
