

Signs
Included in the packaging of BROEN-LAB emergency showers the customer receives an international emergency symbol. This symbol must be placed where it is visible and where it clearly indicates the installation of an emergency shower.

Instructions for Use

- Start flushing immediately - the second count
- Remove contact lenses and keep them in a container
- Continue flushing
- In case of an eye injury keep the eyelids open when continuing flushing
- Call for an ambulance. Ask doctor for advice
- Continue flushing in the ambulance
- Keep the flushing in emergency container during transport to the special ward

Do remember to inform all employees about:

- How to operate the emergency shower
- The location of the emergency shower
- How to operate the emergency shower
- How to help injured persons in the best way

Warning!
Before the installation of your BROEN-LAB emergency shower, all staff with a role in the safety of the facility should be trained in the use of the emergency shower. This training should be carried out by the installer and should be recorded in the training log. The training should be carried out at least once a year.

Waarschuwing!
Voordat u de BROEN-LAB noodduch installatie, moet u alle medewerkers van de faciliteit trainen in het gebruik van de noodduch. Deze training moet worden vastgelegd in een trainingslogboek. De training moet minimaal een keer per jaar worden uitgevoerd.

Skilling
Alle BROEN-LAB installateurs leveren met internationale noodduchsymbool. Dit symbool moet worden geplaatst op een zichtbare plaats waar het duidelijk aangeeft de installatie van een noodduch.

Brug af nødbruser

- Start med at skylle øjeblikket - sekundet tæller
- Fjern kontaktlinser og behold dem i en beholder
- Fortsæt med at skylle
- I tilfælde af øjenbeskadigelse hold øjnene væk og fortsæt med at skylle
- Ring til ambulance. Spørg lægen for råd
- Fortsæt med at skylle i ambulance
- Hold på at skylle i ambulance og under transport til specialafdeling

Husk at informere alle ansatte om følgende:

- Hvordan man bruger øjeblikket / sekundet tæller
- Hvordan man skal fjerne kontaktlinser og beholde dem i en beholder
- Hvordan man fortsætter med at skylle
- Hvordan man skal hjælpe såret på den bedste måde

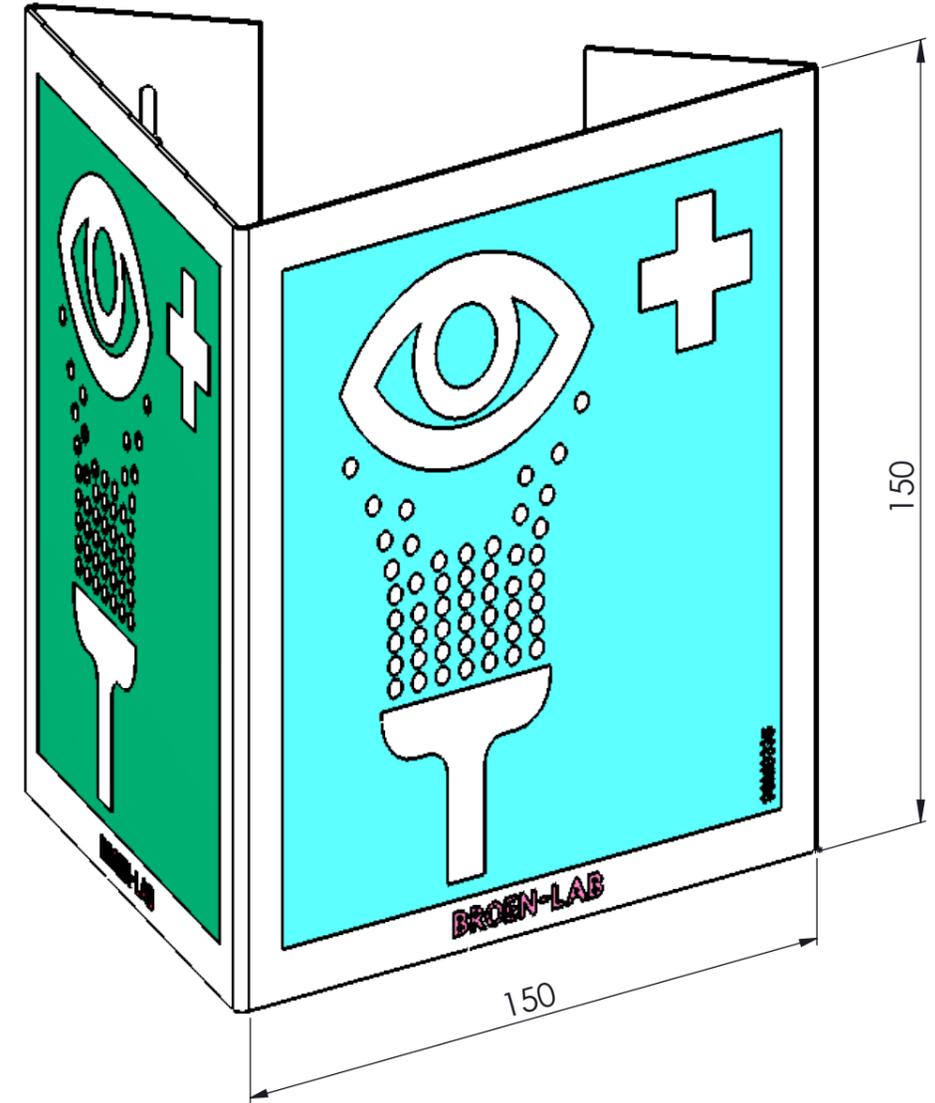

Advarsel!
Inden BROEN-LAB nødbruser installeres, SKAL alle medarbejdere i hele anstalten trænes i brugen af nødbruseren. Denne træning skal registreres i en træningslogbog. Træningen skal ske mindst en gang om året.

Waarschuwing!
Voordat u de BROEN-LAB noodduch installatie, moet u alle medewerkers van de faciliteit trainen in het gebruik van de noodduch. Deze training moet worden vastgelegd in een trainingslogboek. De training moet minimaal een keer per jaar worden uitgevoerd.
