

DECLARATION OF PERFORMANCE

Product	Delta Multiband
----------------	------------------------

Property	Method	Unit	Lower Limit	Upper Limit	Remarks
Relative Peel Resistance (Comparison of T-Peel before artificial ageing [= 100%] and after)	DIN 4108-11*	[%]	80	./.	* Test parameters reflect the current status of discussion within the relevant DIN Working Group. The standard itself is not yet finalised and published.

Our product "Delta Multiband" was applied on various substrates and subsequently subjected to an ageing test. Subsequent measurement of the T-Peel values revealed no relevant signs of ageing.
