

**Fails due to normal product wear, rubber part wear, incorrect installation, incorrect use or failure to follow assembly instructions will not be compensated.*

ENG - 2-piece 90x90 cm curtain rail with 75 cm ceiling support, 12 pcs curtain hooks and all other assembly details. Robust aluminum profiles with curved L-rail (fewer joints) provide a stable and moisture-resistant construction, better function and easier installation. Cuttable rails and ceiling pendant (extra long) as well as wall brackets that can be mounted in pitched ceilings - ensure maximum flexibility in new or existing shower environments or when separating rooms.
