## Statement of Compliance: Substances of Concern

In accordance with the REACH Regulation (EC) No. 1907/2006 and the POPs Regulation (EU) No 2019/1021, and based upon the composition known to us, the presence of substances of concern is monitored. To this end, Novatech International N.V. follows-up on:

### REACH - Candidate List

The following of our products contain a substance of very high concern (SVHC) in 0.1% (w/w) or more:

| Product Name           | SVHC                     | CAS No     | Article |
|------------------------|--------------------------|------------|---------|
| FOAMTACK Pro Construct | chloroparaffines, C14-17 | 85535-85-9 | No      |

The presence of the SVHC is communicated accordingly via our SDS or PSIS.

Were required, notifications of the SVHC in an article, according to Article 7(2) of REACH and article 9 of the Waste Frame Directive (SCIP notification), are carried out. SCIP-notification numbers are communicated via our Technical Data Sheet.

### REACH - Annex XIV

None of our products contain an ingredient listed on Annex XIV in 0.1% (w/w) or more.

### REACH – Annex XVII

If there is a link with Annex XVII, the conditions of the restriction are met. REACH compliance is communicated accordingly via our SDS or PSIS.

### POPs – Annexes I to IV

None of our products contain an ingredient listed in an annex to the POP-Regulation.

Please do not hesitate to contact us if you require further information.

Yours sincerely,

Ken Wright

Sustainability & Regulatory Affairs Manager
